

SAE Information - Market Lamb 2016-2017

Name:	Market Lamb 2016-2017
SAE Type:	Entrepreneurship/Ownership
AFNR Pathway:	Animal Systems
SAE Subcategory:	Sheep
Date Range:	7/5/2016 - 2/20/2017

Scope - Market Lamb 2016-2017

Year	Quantity	Unit	Description
2016	1	head / Show Sheep	I learned responsibility as my schedule became more hectic this year. I realized that my lamb depended on me and it was my responsibility to work toward achieving progress with my lamb.
2017	1	head / Show Sheep	I learned that through hard work and responsibility, one can overcome obstacles with any animal. I also learned how to prevent many diseases that came up in the farm.

SAE Plan - Market Lamb 2016-2017

Description

In my Market Lamb 2016 - 2017 SAE project, I plan to raise a market lamb while learning the proper care of livestock. I plan to show my lamb at prospect shows, and eventually take my lamb to TCYS. I am interested in the animal science area of agriculture, for at the moment I desire to become a veterinarian when I am older. This experience could help me understand the basic care of large animals, and help me in the future to become a large and small animal vet. This SAE is planned to begin on the 5th of July, and end on the 17th of January. Last year I attended many of our school's showmanship clinics. I plan to use the knowledge I gained then during this project. I am also in livestock production and small animal management this year and plan to apply what I learn. I plan to learn how to balance my time to work with my market lamb, raise livestock, show animals, become more responsible, learn good showmanship, and learn how to manage a financial investment. I also hope to improve my results from my lamb in comparison to what I achieved last year.

Time Investment

For my Market Lamb 2016 - 2017 SAE project, I plan to devote my time to the farm. I shall wake up and spend 10 minutes with my lamb in the morning- feeding cleaning water, as well as an hour every evening in order to ensure that he shall be fully prepared for the County Show. I shall work around my other commitments by going to the farm late on Mondays after tennis practice, and going to the farm late or early on Tuesdays and Thursdays, after tennis practice. My mom shall feed my lamb while I am in the aforementioned practices, so that once I get to the farm all I have to do is work with my lamb. My parents will also assist me with bleaching out my lambs pen on the weekends as I work with my lamb in the practice show ring. The activity in my project involves about an hour or 2 on the weekends, where I practice showing and setting up my lamb. In conclusion I shall make time in my schedule to ensure that I have close to an hour of practice with my lamb daily.

Financial Investment

The funds I need to invest in my project, I was able to obtain from my parents. My budget for this SAE project is approximately \$850, It will cost \$400 for this project to start in order for me to buy my lamb, and it will cost approximately \$20 dollars for feed about every 3 weeks. Also, it will cost approximately \$30 dollars to register for shows throughout the year. During the time of my SAE I may be forced to buy animal care products such as fungicide, ace wrap, shampoo, and disinfectant. These managing and care necessities should equal about \$75 dollars. I hope to receive \$1000 dollars at auction bringing my income to about \$200 dollars. The main source of my funds for this SAE is my parents. They support my endeavors through my SAE and are willing to support me with finances. I will also use "non-cash" benefits through the school. I will rent a pen through the school by giving a \$100 dollar deposit that will be returned at the end of the year. Through the school I will have access to feces disposal, a shearing stand, a treadmill, bath house, and an animal blow dryer. I will also have access to a walker and a practice pen. When using these "non-cash" benefits I will return them as they were lent to me, and I will attempt my best to keep them clean in order to thank the school for allowing me to use them. These "non-cash" benefits' values are expensive, and it is my responsibility to ensure that they are kept fashionable at all times.

My project involves the usage of capital items through the school. I will rent a pen through the school by giving a \$100 dollar deposit that will be returned at the end of the year. Through the school I will have access to feces disposal, a shearing stand, a treadmill, bath house, and an animal blow dryer. I will also have access to a walker and a practice pen. When using these capital items and facilities I will return them as they were lent to me, and I will attempt my best to keep them clean in order to thank the school for allowing me to use them. These "non-cash" benefits' values to my project, are insurmountable. Without these "non-cash" benefits, I would not be able to raise a market lamb, and it is my responsibility to ensure that they are kept fashionable at all times. I will also be using the school's land to train my market lamb. When using the school's land I must ensure that I act in the best way that represents my school, and treat the land with respect as it is not mine. Overall all capital items that I shall use, will be treated with respect as though they were my own. The school will provide me with each of these capital items.

Learning Objectives (SAE Skills)

From my project, I hope to gain knowledge and skills in AS.02.03.02.a Create a program to develop an animal to its highest potential performance, AS.02.03.01.c Evaluate and select animals to maximize performance based on anatomical and physiological characteristics that affect health, growth and reproduction, and AS.03.01.02.c Treat common diseases, parasites and physiological disorders of animals.

I will achieve these learning outcomes by raising and showing my market lamb. After showing a lamb for a year, this year I know how to create a plan to maximize my animal's physical performance. I will now create a treadmill schedule and hill schedule to develop my animal. Also when I choose an animal I will choose one with broad back feet, a flat back, and large butt muscles to show this year. Finally I will be forced to treat common diseases such as ringworm, and coccidia.

This SAE will give me the opportunity to improve my financial skills. This experience can teach me the basic care of large animals, which will help me experience the basics of animal care. This will be beneficial for I wish to become a veterinarian. Now that the project is complete I feel as though I have learned a big lesson about responsibility. My schedule was hectic this year, however no matter what at the end of the day my animal still had to eat. Therefore this year I learned how to effectively manage my time and seek help when I absolutely could not make it to the farm. Furthermore I learned even more about the animal industry, as we had some diseases spread throughout the farm. I am now more responsible and better equipped to treat lamb diseases than ever before.

Skill Area

Planned Activities

Results or Outcome

Budget - Market Lamb 2016-2017

Income/Expense Type	Amount	Notes
Expense - Entry Fees / Commissions	\$80.00	about 25 to 30 dollars per show, the amount of shows is not pre-determined.
Expense - Feed	\$20.00	Cost of feed is 20 dollars per unit. A new unit of feed is purchased about every 2 weeks.
Expense - Other	\$400.00	actual lamb
Expense - Rent	\$150.00	
Expense - Supplies	\$20.00	
Expense - Veterinary medicine	\$50.00	This money is saved for coccidiosis medicine. Also, some money is set aside for de-wormer.
Income - Cash/Market Sale	\$1000.00

Journal - Experience-related Activity - Market Lamb 2016-2017

Date	Activity / Description	Hours
2/20/2017	Managing animal facilities Today I emptied my area of the barn and cleaned my facilities for the year.	1.00
1/24/2017	Activities in the animal industry Today I fed my lamb and Mr. Pierce loaded him on a trailer to return him to the breeder. My project is now complete.	0.17
1/23/2017	Activities in the animal industry Because the show is over, I only walked my lamb and fed him. No more bracing.	0.17
1/22/2017	Activities in the animal industry Because the show is over, I only walked my lamb and fed him. No more bracing.	0.25
1/21/2017	Activities in the animal industry Because the show is over, I only walked my lamb and fed him. No more bracing.	0.50
1/20/2017	Activities in the animal industry Because the show is over, I only walked my lamb and fed him. No more bracing.	0.50
1/19/2017	Managing animal health Because the show is over, I only walked my lamb and fed him. No more bracing.	0.25
1/17/2017	Activities in the animal industry Because the show is over, I only walked my lamb and fed him. No more bracing.	0.50
1/16/2017	Activities in the animal industry Because the show is over, I only walked my lamb and fed him. No more bracing.	0.50
1/15/2017	Activities in the animal industry Today I trailered my animal back to the farm from the County Fair. I helped load everyone's animals and unload them. I also sprayed my lamb with fungicide and fed him to prevent the transmission of diseases.	3.00
1/14/2017	Activities in the animal industry I am still at the fair and am feeding my lamb and giving it water at regular intervals.	1.00
1/13/2017	Activities in the animal industry I am still at the fair and am feeding my lamb and giving it water at regular intervals. I also aided my friend in setting up her turkeys.	1.00
1/12/2017	Activities in the animal industry Today, I blow dried my lamb, managed his food and water intake, made sure my lamb didn't overheat, and showed my lamb at the Travis County Youth Show. I got 8t out of 12th. I then proceeded to show in showmanship and did well! I then fed my animal once more.	5.00
1/11/2017	Activities in the animal industry Today I checked in my lamb, set up his pen, and fed him at intervals.	3.00
1/10/2017	Managing animal facilities Today I fed my animal briskly, helped my friend shear her lamb, and proceeded to the Travis County Exposition Center and set up pen panels for our animals.	2.00
1/9/2017	Activities in the animal industry Today I braced my lamb, ran my lamb, and fed my lamb.	1.00
1/8/2017	Activities in the animal industry Today my mother helped me bathe my lamb and I sheared my lamb. I then fed my lamb and braced my lamb. He looks so different without all the wool!	3.00
1/7/2017	Activities in the animal industry Today I worked on bracing and fed my lamb.	0.50
1/6/2017	Activities in the animal industry Today Mr. Moore held another showmanship clinic and I worked with my lamb bracing afterwards. I then fed my lamb. NO treadmill today.	2.00
1/5/2017	Activities in the animal industry Today I worked with my lamb in the ring, ran my lamb, and then fed my lamb.	1.00
1/4/2017	Activities in the animal industry Today Mr. Moore held a showmanship clinic and I practiced bracing my lamb after I fed him. I then proceeded to running my lamb on the treadmill.	2.00
1/3/2017	Activities in the animal industry Today I fed my lamb, ran my lamb on the treadmill and braced my lamb.	1.00
1/2/2017	Activities in the animal industry Today I fed my lamb, ran him on the treadmill, and braced my lamb on the small table.	1.00
1/1/2017	Activities in the animal industry Today I fed my lamb, ran him on the treadmill, and braced my lamb for a long time for I don't have much longer to prepare for county show.	2.00
12/31/2016	Activities in the animal industry Today I only had time to feed and brace my lamb.	2.00
12/30/2016	Activities in the animal industry I am back from Christmas travels and today I fed my lamb, walked him out from in the pasture, and braced my lamb.	2.00
12/19/2016	Activities in the animal industry My mother fed for me so all I had time to do was brace my lamb. From tomorrow until the 28th I will be out of town for Christmas festivities with my family. Brooke will be feeding for me.	0.25
12/18/2016	Activities in the animal industry Today I walked my lamb in the pasture and then braced my lamb. My mother helped me feed my lamb while I helped a freshman with their goat.	1.00
12/17/2016	Activities in the animal industry Today my mother fed for me in the morning early before it was raining, for when I woke up it was pouring. In the afternoon I quickly fed my animal for it was raining!	0.50
12/16/2016	Activities in the animal industry Today I walked my lamb, braced my lamb, and fed my lamb after running it on the treadmill.	1.00
12/15/2016	Activities in the animal industry Today I braced my lamb, fed my lamb, and ran him on the treadmill for 15 minutes.	1.00
12/14/2016	Activities in the animal industry My mother fed for me so all I had time to do was brace my lamb.	0.50
12/13/2016	Today all I had time to do was brace my lamb, my mother fed for me.	0.25
12/12/2016	Activities in the animal industry Today All I had time to do was feed my lamb and practice bracing.	1.00

Journal - Experience-related Activity - Market Lamb 2016-2017

Date	Activity / Description	Hours
12/11/2016	Proper handling of animals Today was our Bowie Austin FFA Chapter Showmanship Show. I showed my lamb and did well as well as aided other members in showing their animals, as well as helping run the ring.	3.00
12/10/2016	Proper handling of animals Today I once more focused primarily on bracing my lamb. I also fed my lamb and ran him on the treadmill.	1.00
12/9/2016	Activities in the animal industry Today I fed my lamb, braced my lamb, and ran my lamb on the treadmill.	1.00
12/8/2016	Activities in the animal industry Today I walked my lamb, braced my lamb, and fed my lamb.	1.00
12/7/2016	Activities in the animal industry My mother fed for me so all I had time to do was brace my lamb.	0.25
12/6/2016	Activities in the animal industry Today I braced my lamb, ran him on the treadmill, fed my lamb, and aided my friend in ridding her pen of fleas.	0.67
12/5/2016	Activities in the animal industry I had to get to school early so my mother fed for me. In the afternoon I walked my lamb in the front pasture as well as practiced showmanship with my lamb in front of the mirror. I shifted between the mirror and table in an attempt to get my lamb to cooperate. I then fed my lamb. I am now bumping the power fuel up from 4 ounces a day to 8 ounces a day. I am also cutting the Morman's 1 mineral back to 1.4 of an ounce a day.	1.00
12/4/2016	Activities in the animal industry Today I walked my lamb in the pasture out front instead of running him on the treadmill, I then proceeded to brace my lamb. Afterwards I fed my lamb while my mother aided me in maintaining my animal's facilities.	0.67
12/3/2016	Activities in the animal industry My mother fed for me in the morning and in the afternoon I walked my lamb on the treadmill for 7 minutes. I then practiced showmanship with him in front of the mirror. I then weighed my lamb. He weighs 140lbs. I then fed my lamb.	1.00
12/2/2016	Activities in the animal industry In order to attend FCA in the morning my mother fed for me. In the afternoon I walked my lamb in the front. Practiced showmanship this time in the ring. And proceeded to work with my lamb on the table. I then fed my lamb while my mother helped me clean the animal's facilities.	1.00
12/2/2016	Activities in the animal industry Today, I fed my lamb, ran my lamb on the treadmill for 20 minutes, and practiced bracing my lamb. I am beginning to see progress on my lambs bracing abilities.	1.00
11/13/2016	Activities in the animal industry My mother fed my lamb for me in the morning, and in the afternoon I walked my lam in the front and practiced showmanship with him in the afternoon. It was getting very dark so I quickly fed my lamb for I came to the farm late today.	1.00
11/12/2016	Activities in the animal industry Today I had to play tennis in the morning so my mother fed my lamb for me. Today, since I put my lamb on the table yesterday, I practiced showmanship in the mirror today. It was about to rain so I fed my lamb quickly.	1.00
11/11/2016	Activities in the animal industry Today my mother fed my lamb in the morning for I was running late. In the afternoon I placed my lamb on the driving table after practicing showmanship in front of the mirror. I am attempting to break his bad habits. Afterwards I walked my lamb around the farm while my mother helped me clean the facilities. I then fed my lamb.	1.00
11/9/2016	Activities in the animal industry Today I had my final part of my microbiology project so my mother fed for me before school. After school I fed my lamb while my mo maided me with cleaning my facility. I also helped some of the underclassmen with their animals while my animal was still eating. I also started my Morman's #1 mineral that I will feed my lamb every other day.	1.00
11/8/2016	Activities in the animal industry Today I maintained animal facilities, fed my lamb and worked with it in front of the mirror. ALthough I did not put it on the walker or treadmill, I practiced setting it up in front of the mirror repeatedly until progress was achieved. My mother aided me by taking care of my lamb while I had to be at school early for a microbiology project.	1.00
11/6/2016	Activities in the animal industry My father fed for me when I could not in the morning, and in the afternoon I maintained animal facilities, worked with my lamb, fed my lamb and took inventory of feed.	1.00
11/5/2016	Managing animal nutrition My father aided me by feeding in the afternoon, but today I fed my lamb and took note of the need to check inventory.	1.00
11/4/2016	Activities in the animal industry My mother fed for me in the morning so I would be able to attend FCA in the morning at school, and after school I fed my lamb, and practiced showing my lamb in front of the mirror. I also walked my lamb. The scale is stil broken and I cannot weigh my lamb.	1.00
11/3/2016	Activities in the animal industry I was running late to school so my mother fed my lamb for me in the morning, and after school I put my lamb on the walker for 10 minutes and then walked him around the front of the farm. He began overheating and I put him back in his pen right away. After cooling down, I fed my lamb and my mother aided my with cleaning the facilities.	1.00
11/2/2016	Activities in the animal industry In preparation for a test I had to be at algebra 2 tutoring this morning so my mother fed for me this morning. In the afternoon I walked my lamb on the walker, and practiced showmanship with one of the seniors on the farm. I then fed my lamb and my mother helped me maintain clean facilities.	1.00
10/28/2016	Activities in the animal industry My mother fed for me this morning so i could attend FCA. After school I quickly fed my lamb while my mother helped me clean my facilities, for I had somewhere to be.	0.50
10/23/2016	Activities in the animal industry Today I fed my lamb, practiced bracing, and cleaned my facilites. The hay grazer is kicking in. He is starting to grow. I am now beginning Power Fuel as well.	1.00
10/22/2016	Activities in the animal industry Today I began by walking my lamb around the front of the farm. I then practiced showmanship in front of the mirror. The scale is broken still. I then fed and maintained my animal's facilities. Due to school constrictions, my mother fed this morning.	1.00
10/20/2016	Activities in the animal industry Today my mother fed my lamb for me in the morning, and in the afternoon I fed my lamb and put him on the walker for 7 minutes. I then fed him and my mother helped me maintain cleanly facilities.	1.00
10/19/2016	Activities in the animal industry My mother fed for me this morning in order for me to attend Algebra 2 tutoring before school. After school I walked my lamb on the walker for 10 minutes and I have now begun to feed my lamb hay grazer once a day. I then fed my lamb and my mother helped me clean the facilities.	1.00
10/16/2016	Activities in the animal industry Today I fed my lamb, maintained clean animal facilities and put my lamb on the walker for 10 minutes.	1.00
10/10/2016	Activities in the animal industry My mother fed for me this morning so I could attend a school function. In the afternoon I fed my lamb and put my lamb on the walker for 7 minutes. My legs hurt too bad from tennis practice to practice bracing. My mother helped me maintain clean facilities. I also began the hay grazer.	0.50
10/9/2016	Activities in the animal industry After being deprived of sleep from the prospect show yesterday, I slept in today so my mother fed for me in the morning. I then fed my lamb in the afternoon and put him on the walker.	1.00
10/8/2016	Activities in the animal industry Today was the Bowie Austin FFA Prospect Show. I arrived at 6 am to help set up. I then helped with check in. I also showed my lamb. I got last place and 7th 9th place. The judges told me my lamb needed track time. I agree with that. I then helped during the show, helping anyway I could. I also helped with tear down.	6.00
10/5/2016	Activities in the animal industry Today my mother fed my lamb for me before school so I could attend Algebra 2 tutoring. In the afternoon I fed my lamb and walked him on the walker for 7 minutes.	1.00

Journal - Experience-related Activity - Market Lamb 2016-2017

Date	Activity / Description	Hours
10/4/2016	Activities in the animal industry Today my mother fed my lamb for me in the morning so I could attend FCA and in the afternoon I practiced showmanship with other members of FFA and fed my lamb while my mother bleached my pen. I also walked my lamb on the walker.	1.00
10/2/2016	Activities in the animal industry I slept in so my mother fed my lamb for me in the morning and in the afternoon my father drove me to the farm so I could feed my lamb, maintain cleanly facilities, and practice proper showmanship. I also walked my lamb on the walker.	1.00
10/1/2016	Activities in the animal industry Today was my birthday. Due to this I was out of town and in San Marcos in the morning so my mother fed for me. I then fed and braced my lamb in the afternoon.	1.00
9/27/2016	Activities in the animal industry My lamb now weighs 96 pounds. I practiced bracing my lamb, and his new strength is noticeable. I fed and walked my lamb while my mom aided me with cleaning my animal's facilities. My mother also fed for me this morning.	1.00
9/26/2016	Activities in the animal industry I was running late to school so my mother fed for me before school today. After school I practiced taking my lamb out of its pen without its halter and bracing it, while my mother helped me clean my pen. I then fed my lamb.	1.00
9/25/2016	Activities in the animal industry Today I fed my lamb and put him on the treadmill for about 3 minutes. I then practiced bracing him, but he began to overheat. I then returned him to the pen that my mom had been bleaching.	1.00
9/24/2016	Activities in the animal industry Today I maintained my animal's facilities, walked my lamb on the walker, had Kaila aid me in showmanship, and fed my lamb. My mother aided me by feeding this morning.	1.50
9/21/2016	Activities in the animal industry I was running late before school again and my mother fed for me in the morning. After school I put my lamb on the walker with Brooke's and then we both practiced driving our lambs. I then fed my lamb while my mother helped me clean my facilities.	1.00
9/19/2016	Activities in the animal industry I had to do test corrections before school so my mother fed for me. After school I fed my lamb and walked him a few laps around the front of the farm. I then placed my lamb on the walker for 7 minutes. He seemed agitated so I then returned him to his housing facility that my mother had been disinfecting.	1.00
9/18/2016	Activities in the animal industry My mother fed for me before school, and after school I walked my lamb, maintained its facilities, fed it, and practiced proper showmanship.	1.00
9/17/2016	Activities in the animal industry Today I fed my lamb, and walked him laps around the front of the barn while my mother cleaned my pen. I then practiced showmanship with my lamb in front of the mirror and pushing him by the fence. I need to tel Mr. Pierce to trim his hoofs.	1.50
9/16/2016	Activities in the animal industry Since it is Friday, my mother fed for me in the morning so I could attend FCA. In the afternoon I fed my lamb, and practiced proper showmanship with Alex. I also aided Alex by helping her bleach her pen. I also bleached my pen too.	1.75
9/14/2016	My mother fed for me again before school, and after school I walked my lamb out in the front, and set my lamb up in front of the mirror. He refused to drive,so I called Clay over to help me. He taught me new showmanship techniques. I then fed my lamb while my mother cleaned my facilities.	1.00
9/12/2016	Activities in the animal industry I was running late to school this morning, so my mother fed for me. This afternoon I put my lamb on the walker for 7 minutes and then fed my lamb quickly for I had a lot of Ap World History Homework.	1.00
9/10/2016	Activities in the animal industry Today I walked my lamb in the front, and practiced proper showmanship. I later put my lamb on the driving table and with my mother, worked on proper showmanship. Afterwards I fed my lamb.	1.50
9/9/2016	Activities in the animal industry My mother fed for me before school today so I could attend FCA, and after school I practiced showmanship with Kaila, and walked my lamb on the walker for 10 minutes while my mother bleached my pen. Afterward I fed my lamb.	1.00
9/7/2016	Activities in the animal industry My mother fed my lamb for me before school, for I began running late, and after school I walked my lamb a few laps around the front with Brooke, and then practiced proper showmanship. I then fed my lamb, and maintained cleanly facilities.	1.00
9/6/2016	Activities in the animal industry I had to go to algebra 2 tutoring in the morning, so my mother fed for me. In the afternoon I fed my lamb and cleaned the facilities.	0.50
9/5/2016	Activities in the animal industry Today I helped Brooke with showmanship after school. I then put my lamb on the walker for 7 minutes. I then proceeded to feeding my lamb while my mother helped me clean my facilities. She also helped me this morning with feeding.	1.00
9/4/2016	Activities in the Animal Industry Today my mother fed my lamb so that I could attend tutoring in the morning, for if I do not pass I can not show. After school I fed my lamb, maintained its facilities and walked my lamb. I also practiced setting my lamb up and made decent progress. My lamb now willingly lets me set him up and begins to drive. However we need to break his habit of jumping.	1.00
9/3/2016	Activities in the animal industry I maintained my animal's facilities and walked my lamb on the walker. I then proceeded to practicing showmanship with my animal.	1.00
9/2/2016	Activities in the animal industry My mother aided me by feeding in the morning, and I fed my lamb, maintained facilities, and walked my lamb in the afternoon.	1.00
9/1/2016	Activities in the animal industry My mother fed my lamb in the morning, and I maintained animal facilities, walked my lamb, braced my lamb, and fed my lamb after school.	1.00
8/31/2016	Activities in the animal industry Today I maintained animal facilities, fed my lamb, and walked my lamb on the walker. He now weighs 90 lbs.	1.00
8/29/2016	Activities in the animal industry I walked my lamb, braced my lamb, fed my lamb, and maintained facilities.	1.00
8/28/2016	Activities in the animal industry Today my mother aided my by feeding, but I also fed my animal, maintained its facilities, and walked it. I also practiced setting my animal up as I would in a show ring. I then walked my lamb more in the front of the lamb, but had to put him back in his pen, for it began to rain.	1.00
8/27/2016	Activities in the animal industry I had a varsity tennis match today against San Antonio and San Marcos. My mother fed for me and I was not able to make it to the farm.	0.00
8/25/2016	Activities in the animal industry Today my mother aided me in feeding my lamb so I could attend a school function in the morning. In the afternoon I cleaned animal facilities, walked my lamb 5 minutes on the walker, and set my lamb up. I then weighed my lamb and it has lost 7 pounds due to its previous illness and is now 100lbs. I then fed my lamb and placed Corid in its water once more.	1.00
8/24/2016	Activities in the animal industry Today my mother aided me by feeding in the morning for I did not have time due to school functions. After school I cleaned animal facilities, fed my animal and walked a lap around the front. I also set him up once successfully. His sickness has improved and his poop is more firm.	1.50

Journal - Experience-related Activity - Market Lamb 2016-2017

Date	Activity / Description	Hours
8/23/2016	Activities in the animal industry Today my mother aided me by driving to the Sunset Vet to pick up medicine for coccidia. She then administered this medicine to my lamb while I was at school. This should clear his diarrhea. After school, animal facilities were cleaned, the animal fed, water changed and administered Corid. I attempted to walk him. However due to his sick condition he did not want to eat food, and he refused to walk.	2.00
8/22/2016	Activities in the animal industry Today I walked my lamb on the walker for 7 minutes and then fed my lamb while my mother maintained animal facilities clean.	1.00
8/21/2016	Activities in the animal industry Today my mother fed my lamb for me in the morning because I slept in, and in the afternoon I fed my lamb and practiced bracing my lamb. My lamb now weighs 96 lbs.	1.00
8/20/2016	Activities in the animal industry This morning my mother fed for me, and this afternoon I practiced showmanship with the other lamb and goat owners on the farm. I then fed my lamb.	1.00
8/19/2016	Activities in the animal industry Today I walked my lamb on the walker for 7 minutes and then fed my lamb while my mother maintained animal facilities clean.	1.00
8/18/2016	Activities in the animal industry I still have tennis today so my mom fed for me in the morning and in the afternoon I solely fed for I had something to attend.	1.00
8/17/2016	Activities in the animal industry Once again my mother fed for me this morning while I was at camp, and this afternoon I fed, and walked my lamb on the walker and out front.	1.00
8/16/2016	Activities in the animal industry I still have camp so my mother fed for me this morning and in the afternoon I fed and practiced proper showmanship with my lamb in front of the mirror.	1.00
8/15/2016	Activities in the animal industry I have tennis camp this week, so my mother is feeding for me in the morning. In the afternoon I fed, and walked my lamb on the walker.	1.00
8/14/2016	Activities in the animal industry I fed my lamb, maintained facilities, and walked my lamb without its halter. I then walked my lamb a few laps with its halter and braced my lamb in front of the mirror.	1.00
8/13/2016	Activities in the animal industry Today I walked my lamb on the walker for 7 minutes and practiced showmanship with my lamb. I also fed my lamb and my mother helped me put sand in my pen.	1.50
8/12/2016	Activities in the animal industry My mother fed my lamb for me this morning for I was still tired from Kerville, and this afternoon I returned and finally got to see my lamb again! I put him on the walker and braced him in front of the mirror while my mother cleaned his pen. I then fed my lamb.	1.00
8/7/2016	Activities in the animal industry My lamb now weighs 91 pounds. I fed my lamb and my mother helped maintain my animal facilities clean. I then walked my lamb around the front lawn of our farm.	1.00
8/4/2016	Activities in the animal industry Today my mother fed my lamb for me in the morning, and in the afternoon I practiced showmanship with some of my other friends while my mother bleached my pen. I then fed my lamb.	1.00
8/3/2016	Activities in the animal industry Today I picked Brooke up and the two of us walked our lambs around our farm as exercise. I have now quit the Stand Alone Supplement. I fed, and my mother cleaned my facilities while I was walking my lamb.	1.00
8/2/2016	Activities in the animal industry Today I fed my lamb, maintained facilities, and taught Brooke how to walk into a showing while practicing showmanship.	1.00
8/1/2016	Activities in the animal industry Today I fed my lamb, maintained facilities, and braced my lamb in front of the mirror.	1.50
7/31/2016	Activities in the animal industry Today my mother fed for me this morning and in the afternoon I braced my lamb and practiced proper showmanship. I then fed my lamb and took note of inventory.	1.00
7/30/2016	Activities in the animal industry Today I walked my lamb in the front after the walker, and I also practiced bracing my lamb while a senior friend helped me set my lamb up, I then fed my lamb and my mom aided me by filling water and maintaining cleanly facilities.	1.50
7/29/2016	Activities in the animal industry Today I fed my lamb and maintained animal facilities.	1.00
7/26/2016	Activities in the animal industry I once more walked and braced my lamb. He now weighs 86 lbs. My mother once more maintained animal facilities whilst I fed my lamb.	1.00
7/25/2016	Activities in the animal industry Today I walked my lamb on the walker, braced my lamb, and walked it laps around the front. My mother maintained animal facilities while I fed my lamb.	1.50
7/23/2016	Activities in the animal industry spent time with my lamb	5.00
7/21/2016	Activities in the animal industry I walked my lamb on the walker and braced my lamb. my mother aided my by maintaining animal facilities while I fed my lamb.	1.00
7/20/2016	Activities in the animal industry Today I walked my lamb in the front of the farm while my mother bleached my pen. I then braced my lamb. After he finally quit jumping I rewarded his good behavior with his daily food with alfalfa in it.	1.00
7/19/2016	Activities in the animal industry My mother aided me by feeding when I could not this morning. I then walked my lamb on the walker for 5 minutes tonight and braced my lamb in front of the mirror. I then fed my lamb while my mother cleaned facilities.	1.00
7/18/2016	Activities in the animal industry Today I once more walked and braced my lamb in front of the mirror. My lamb now weighs 85lbs. I also maintained animal facilities and fed my lamb. I began Stand Alone Supplement.	1.00
7/17/2016	Activities in the animal industry Today I walked my lamb around the front of the farm with the walker. I need to begin walking him without the harness. I then fed my lamb and cleaned the facilities. I am beginning to teach Brooke proper lamb showmanship.	1.00
7/16/2016	Activities in the animal industry Today I walked my lamb on the walker, and I continued to practice bracing. I then fed my lamb and maintained clean facilities. I am starting to help Brooke learn more about her lamb.	1.50
7/15/2016	Activities in the animal industry Today I walked and braced my lamb. I also maintained animal facilities, and fed my lamb.	1.00
7/14/2016	Activities in the animal industry Today I finished setting up my pen and put my lamb on the walker for 5 minutes. I then fed my lamb while my mother cleaned my animal's facilities.	1.00
7/13/2016	Activities in the animal industry Today I bathed my lamb and practiced bracing it. I then fed it, maintained animal facilities, and blowdried my lamb.	3.00
7/12/2016	Activities in the animal industry I once more fed, maintained animal facilities, and practiced bracing. I also walked my lamb a few laps around the front of our school farm.	2.00
7/11/2016	Activities in the animal industry Today I walked my lamb, practiced bracing it, and once more weighed it to maintain it's weight level while checking to make sure it is slowly gaining. I also fed it, and maintained animal facilities clean.	2.00
7/7/2016	Activities in the animal industry Today I made the first step of progress towards showmanship with my market lamb. I haltered my animal and began walking my lamb. My market lamb at first refused the halter, but as I continued to walk my lamb adjusted to the new skill. I then fed my lamb, cleaned animal facilities, and cleaned my animals water. I also set up a black mesh around my pen in order to keep my pen clear of all leaves and bird poop to prevent coccidia to the best of my ability. My mother also aided me by adding sand to my pen and proceeding to bleaching it.	2.00

Journal - Experience-related Activity - Market Lamb 2016-2017

Date	Activity / Description	Hours
7/6/2016	Activities in the animal industry Today I arrived at the farm at 8 to get a second opinion of the animals that I had potentially selected for my SAE project. Gunnar Hooks, a student in our chapter who competes in Livestock Judging, aided me by voicing his opinion. He then contacted one of our lamb advisers, and sent her pictures of the lambs that I potentially wanted. Between Gunnar and I we set up the possible lambs and took pictures of them from the front view, side view, and posterior view, and sent these pictures to our adviser. She then informed me to choose lamb 65, which will now be my SAE market lamb. Gunnar and I then aided a sophomore in the basics of bathing and shearing a market lamb. I then proceed to cleaning out the pen at the farm that I chose to use throughout the year. I then added my feed trough and water bucket into the pen and proceeded to moving my lamb.	4.00
7/6/2016	Activities in the animal industry Today I walked my lamb, fed my lamb, ran him on the treadmill, walked him on the pasture, and practiced bracing and showmanship with my fellow showmen.	1.00
7/5/2016	Evaluating and selecting animals for best use Today I selected my market lamb for my SAE project this year. My supervisor released lambs around the farm, and I had the opportunity to go around the farm and select the animal which I thought had the best opportunity to compete well at county and prospect shows. This gave me the opportunity to experience what a breeder in the animal industry goes through when selecting what animals to breed.	1.50
